Hi, Chief.

Thank you for the prompt reply to my request for the emails mentioned at Tuesday's meeting. Now that I have them, I have some questions.

- 1) How did you learn the person who made the grievous comments worked at Hometown?
- 2) What was the content of the brief conversation you had with him? Did you initiate it? If so, to what end?
- 3) What was your intent in sending the original email? Was it to discourage the patronage of department staff, initiate a boycott?
- 4) Why did you feel it "necessary" to bring this person's work place to the department's attention?
- 5) How were you made aware that the owner had addressed the issue?
- 6) My understanding is that your emails went to all MPD personnel. Please confirm.

If you'd prefer a face to face interview, I'd be happy to oblige.

Best,

Richard H. Girard
